Local Health & Social Care Updates

About Us

Healthwatch is your local health & social care watchdog dedicated to listening to your concerns and sharing them with system leaders to improve health care services across the Walsall Borough.

In 2025, we are committed to amplifying the voices of Walsall residents and local communities. We invite you to support our ambition and help us raise awareness. Visit our website to share your views on health and social care services in your area.

Link to website: www.healthwatchwalsall.co.uk

A message from the Healthwatch Walsall Manager

Dear Reader

I hope this newsletter finds you well and enjoying the lovely and much needed sunshine. In this newsletter you can hear about projects we are delivering across the Borough as well as upcoming events and campaigns we have planned. You will also be able to find out information from other organisations which may be of interest to you.

The team are looking forward to getting out and about in Walsall to speak to more citizens about their experiences of accessing health and social care services. Thank you for taking the time to share your views with them and for following Healthwatch Walsall.

During the year we will be undertaking a number of projects, and we look forward to hearing from you about these. We will be in your local community seeking your views and experiences.

We appreciate your support.

Aileen Farrer
Manager Healthwatch Walsall

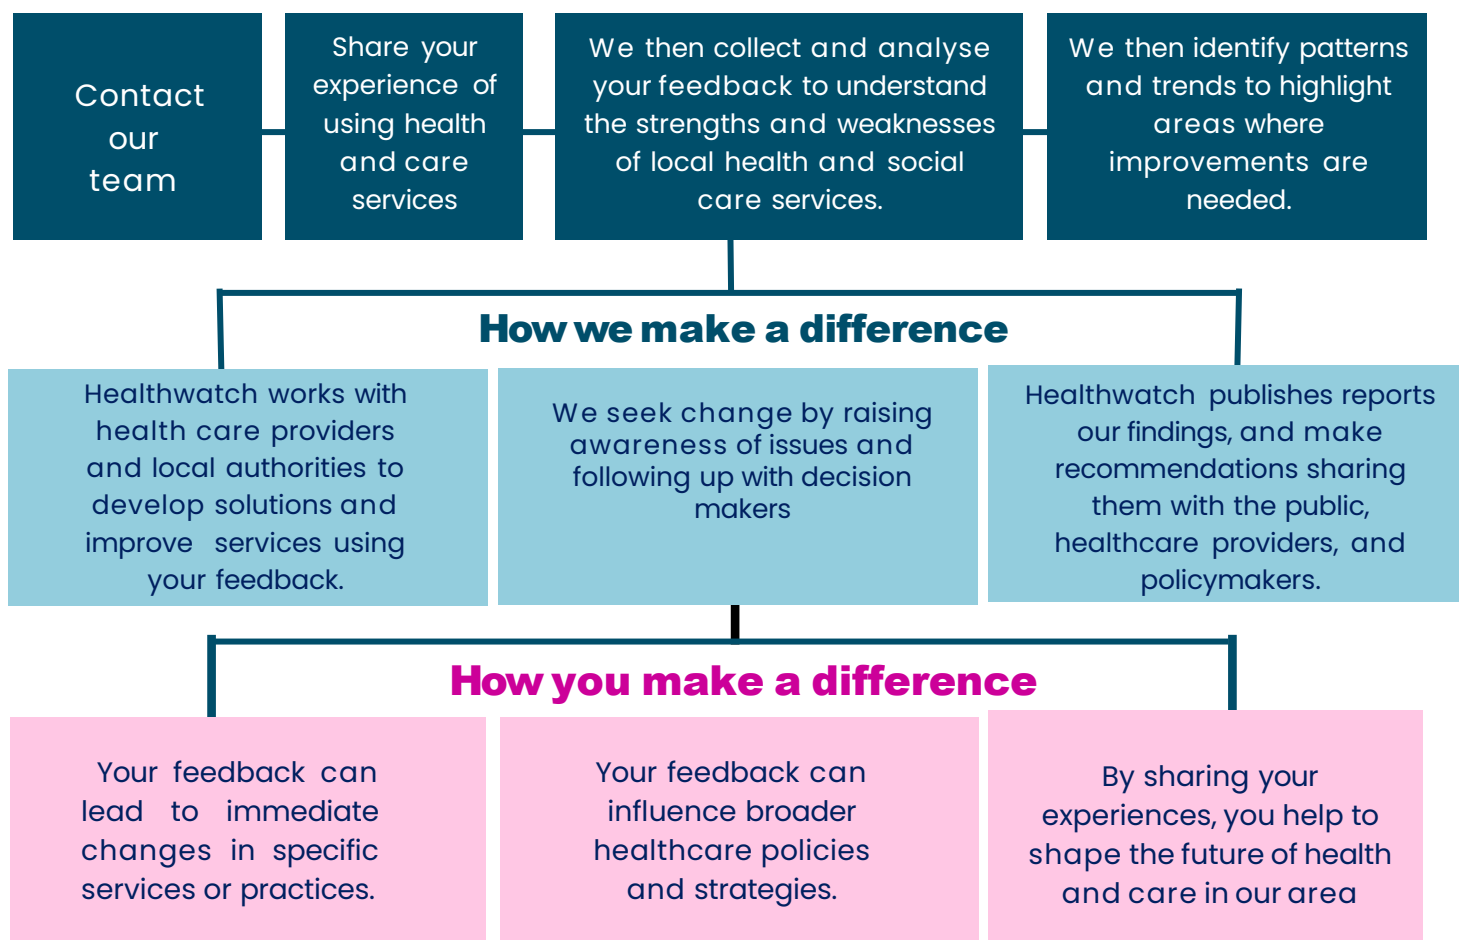

**How you
can get
involved and
make a
difference**

Share your experiences with us!

We want to hear your thoughts on health and care services in our area. Your feedback will help us ensure that NHS leaders and social care decision makers are aware of your needs and can make improvements to care.

How it works?

The screenshot shows the Healthwatch Walsall website interface. At the top, there's a navigation bar with links: 'Have your say', 'News & reports', 'Get involved', 'What we do', and 'Advice & information'. A search bar is also present. Below the navigation bar, the main heading is 'Share your views' with a subtext: 'Tell us about your experiences of NHS and social care services. Giving feedback, both good and bad, can help improve services.' There's a message box stating: 'You have already submitted this webform. [View your previous submissions](#).' At the bottom, there's a section titled 'Take five minutes to share your experiences' with a brief description of the purpose of the feedback.

Available 24/7

Engaging Communities Solutions

GET INVOLVED

Volunteer with us and help make a difference to Health and Social Care your community receives:

- Young Healthwatch volunteers** ensures that young people's voices are heard and help to influence change to make Health and Social Care services better for children and young people - No DBS is required.
- Publication and Document Editor volunteers** supports ECS / Healthwatch looking over materials and reports to ensure they are accessible to the public and / or its intended audience. - No DBS is required.
- Digital Communications / Social Media** volunteers support ECS / Healthwatch to manage social media / website by reviewing and creating content - DBS is required.
- Enter and View Authorised Representative** volunteers listen and observe people's experiences of Health and Social Care services, including people living in residential homes to understand what is working well and what can be improved - DBS and references are required.
- Community and Engagement** volunteers collect feedback about people's experiences of Health and Social Care services including engaging people at various locations including hospitals, libraries etc - DBS is required.
- Information and Signposting** volunteers support people to get the information they need about Health and Social Care services and how to access community support - No DBS is required.

There are 12 volunteering roles that you can get involved in!

Healthwatch Advisory Board members (HAB) supports the Healthwatch work programme including Enter and View visits, support the team by attending strategic meetings representing Healthwatch and building relationships with key Health and Social Care, voluntary and community sector stakeholders - DBS is required.

Online Feedback Collector volunteer collects feedback about people's experiences of Health and Social Care services that have been posted online, this contributes to the intelligence and information Healthwatch use to inform improving change - No DBS is required.

Virtual Visitor volunteers support Healthwatch by building a picture of Health and Social Care services by interviewing residents, patients, family members, relatives and staff online. THIS IS NOT THE SAME AS ENTER & VIEW AUTHORISED REPRESENTATIVE VOLUNTEER ROLE - No DBS is required.

Research volunteers work with the ECS / Healthwatch team to plan and deliver research activities through a variety of methods - DBS is required.

You can find full details and of each of these roles on our website along with an application form on www.healthwatchwalsall.co.uk

Alternatively you can email our volunteer co-ordinator: Tom.Collins@healthwatchwalsall.co.uk

Issues Raised by Our Community

Key health and care updates or concerns

**Latest
Insights**

Increase of walk-in patients at Walsall Manor Hospital blood taking department

We observed long patient queues at the Phlebotomy Department at Walsall Manor Hospital.

We decided to take a look via our Enter and View process.

Waiting time for young people to access Children and Adolescent Mental Health Services (CAMHS) can take a very long time. .

Have you experienced this?

**Tell us!
0800 470 1660**

healthwatch
Walsall

Urgent Treatment Centre design – could this have been better?

Parents with children with complex needs expressed a need for a quiet/safe room.

This would help children with ADHD and other similar conditions at a stressful time.

The reduced availability of face-to-face appointment at GP practices has remained a consistent issue since the COVID pandemic. Despite guidelines stating that patients should be offered their preferred mode of appointment.

To share a compliment or concern then you can call us or visit our website 24/7

Poor Communication for disabled people

Some disabled patients feel that clinical staff do not listen or understand them.

If you feel the same, tell us why?

If you have any concerns about any health or social care services, then please get in touch. Or if you wish to leave a compliment then you can share those as well.

Tell us about your care!

Reports, Findings and Recommendations

We publish reports that take a deeper look at some of the issues you have told us about. Read our latest reports below.:

Patient experience of Walsall Urology Services

Our mission is to ensure that the voices of local people are heard and acted upon when it comes to health and social care services. As the independent champion for service users, we gather feedback directly from the public to influence and improve the quality of care provided in Walsall. Our work empowers people to share their experiences, both positive and negative, so that we can work with service providers to create meaningful change.

For this project, we aimed to understand the patient experience of urology services in Walsall. By listening to patient stories, we gained insight into what is working well and where improvements could be made.

To read the full report [Click Here](#)

Patient experience of Cancer Services in Walsall

Our mission is to ensure that the voices of local people are heard and acted upon when it comes to health and social care services. As the independent champion for service users, we gather feedback directly from the public to influence and improve the quality of care provided in Walsall. Our work empowers people to share their experiences, both positive and negative, so that we can work with service providers to create meaningful change.

For this project, we aimed to understand the patient experience of cancer services in Walsall. Cancer is a life changing diagnosis and the quality of care and support received by patients is critical to their physical and mental well-being. By listening to patient stories, we gained insight into what is working well and where improvements can be made.

The work with have been doing

Our monthly updates

As well as our public engagement outreach at various Walsall locations we have produced a number of reports from what we heard from you and what we saw.

Each month we produce an 'Insight E-Bulletin' that gives a brief overview of what we have been doing and some of the issues that you have raised. This feeds into our services intelligence and can highlight key concerns, issues and themes that you have shared with us.

To read these monthly E-Bulletins use the link: <https://tinyurl.com/mr2ukcuc>

Our Enter and View Visits

As well as our public engagement outreach at various Walsall locations we have produced a number of 'Enter and View' (E&V) reports from what you have told us and what we saw on the day of our visit.

Each month we visit a health or social care venue to listen to service users to learn about what works or doesn't work for them.

Our Enter & View programme covers a range of venues from GP surgeries to pharmacies, care and residential homes and day centres. We aim to have as broad a programme of visits as possible.

This can help identify service users' needs for improvements or to highlight the excellent work that service providers deliver through their hard-working staff. Ultimately this will make a positive service user experience for the people of Walsall.

If you want to share an experience of a service, you can do this in your own time 24/7 by visiting our 'Have Your Say' platform.

Link to do so: <https://tinyurl.com/3778j3ps>

Share with others to!

People in the Black Country are being reminded to order any repeat prescriptions they may need ahead of the Easter bank holiday.

GP practices and pharmacies will have limited opening hours over the Easter period, and many will be closed from Friday 18 April to Monday 21 April, making it more challenging for patients to access medicines at short notice.

Every bank holiday, NHS 111 sees an increase in people getting in touch about repeat prescriptions. Waiting and using emergency or urgent services over the Easter break puts added pressure on already busy services.

To avoid this and to ensure health is not put at any unnecessary risk, people are being asked to submit any repeat prescriptions that are due for renewal by Monday 7 April to make sure there is enough time for them to be processed and dispensed.

Dr Mona Sidhu, Medical Director of Primary Care for the NHS Black Country Integrated Care Board (ICB), said: "If you take any prescribed medication on a regular basis, it's important to plan ahead and order your repeat prescription in plenty of time to make sure you don't run out over the Easter bank holiday weekend.

"By checking your medication now, you can save yourself the worry of possibly not getting what you need on time and being caught short over the bank holiday when your GP practice will be closed.

"The easiest way to order repeat prescriptions is via the NHS App or through your GP practice website. If you do not have access to GP online services, you can phone your GP practice to order prescriptions."

Most repeat medication requests can be made online, via local practice websites or through the NHS App. People who do not use the internet can approach their practice to access their prescriptions.

If people feel unwell over the bank holiday weekend, but it's not life threatening, they can check their symptoms and access advice by using the NHS 111 service online or by calling NHS 111.

NHS 111 can help direct people to the most appropriate local health service if they aren't sure where to go –this could include an out of hours GP, a pharmacy, a local NHS walk-in centre, or a hospital accident & emergency (A&E) department.

Black Country Questions for the BC ICB FOI/EIR 1143 National Policy & Holding ICBs to account

Following communication from HWE, local HW were encouraged to submit the following questions to their local ICB. HWW duly submitted the questions which had been tailored for the Black Country. The questions were submitted under a FOI request which the ICB duly responded to and gave permission for their responses to be made public via our website. The ICB responses are shown in blue.
